PROJECTS

seating arrangement | February 2024 - February 2024

- The seating arrangement project was initiated to optimize the seating layout for an office, aiming to enhance productivity, collaboration, and employee satisfaction. The project involved careful planning, stakeholder engagement, and iterative adjustments to ensure the best possible outcome.

Objectives

Maximize Productivity: Ensure that team members who need to collaborate frequently are seated close to each other.

Enhance Comfort: Provide a comfortable and ergonomically sound workspace for all employees.

Promote Communication: Facilitate easy communication while minimizing disruptions.

Utilize Space Efficiently: Make optimal use of the available office space.
